

Cubic Pull and Cabinet Handles

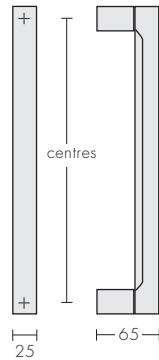

Cubic 660
32 x 32mm

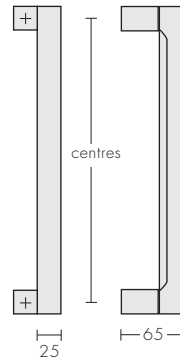

Cubic 661
25 x 12.5mm

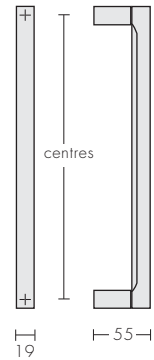

Cubic 662
25 x 25mm

Cubic 662 Offset (OS)
25 x 25mm

Cubic 663
19 x 19mm

Sizes available (centres specified in mm)

Cubic 660: 600/800/1000

Cubic 661: 300/450/600/800

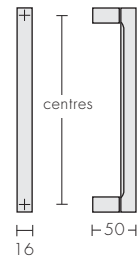

Cubic 662: 300/450/600/800/1000

Cubic 663: 200/300/450/600

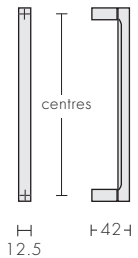

Cubic 664: 200/300/450

Cubic 665: 128#/160#/192#/224#/256#/300/450
(# denotes system 32mm multiples)

Cubic 664
16 x 16mm

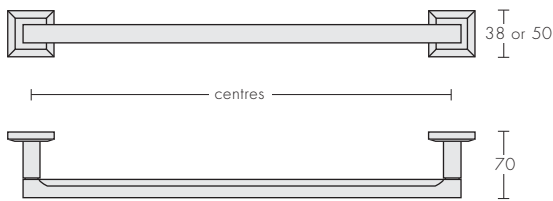

Cubic 665
12.5 x 12.5mm

Cubic Towel Rail

Cubic 663 TR (Towel Rail) 19 x 19mm,

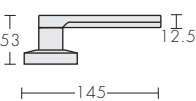

Sizes available (centres specified in mm)

Cubic 663 TR: 450/600/750

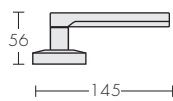

Mounting options: Surface fixed (SF) or Back fixed (BF)

Cubic Lever Handles

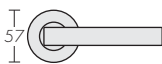

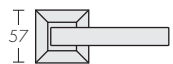

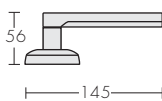

Cubic 671-P

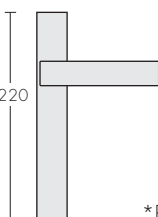

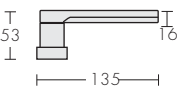

Cubic 672-P only

Cubic 672-F

Cubic 672-40*

*Refer to Technical Section for backplate designs.

The Cubic Pull Handles are available with offset (OS) pillars for Cubic 661 and 662 Handles (refer example shown above). Cubic Handles are 'handed' left and right when fitted with offset pillars.

Please specify at time of order: Left hand (LH) or Right hand (RH) as viewed from the 'outside'. (Refer to Technical Section)

For narrow stile doors, specify offset pillars to provide finger clearance between the handle and door edge or frame backstop, add suffix (OS) to the order code.

A design feature of the Cubic Handles is that they have a square face with a machined, chamfered form inside the handle to provide a comfortable touch.

Note:

- Cubic 664 Pull Handles use M5 mounting studs, the larger sizes use M6 studs
- Cubic Cabinet Handle 665 is back fixed only with M4 screws
- Cubic 663 TR (Towel Rail) mounting options: surface-fixed with 10g screws, or back fixed with M6 screws
- The backplates 50 x 50mm or 38 x 38mm can be used on all pull handles as an added feature if required. Specify back plates (BP) and size with the handle order
- Custom Designs: Cubic Handles with their flat front face lend themselves to custom machining to create special effects and designs. Refer to Custom Section for examples
- Cubic 671 can be used with the Pyramid (P) Rose only. The Cubic 672 can also be used with any rose design. Both lever handle styles can be used with any back plates

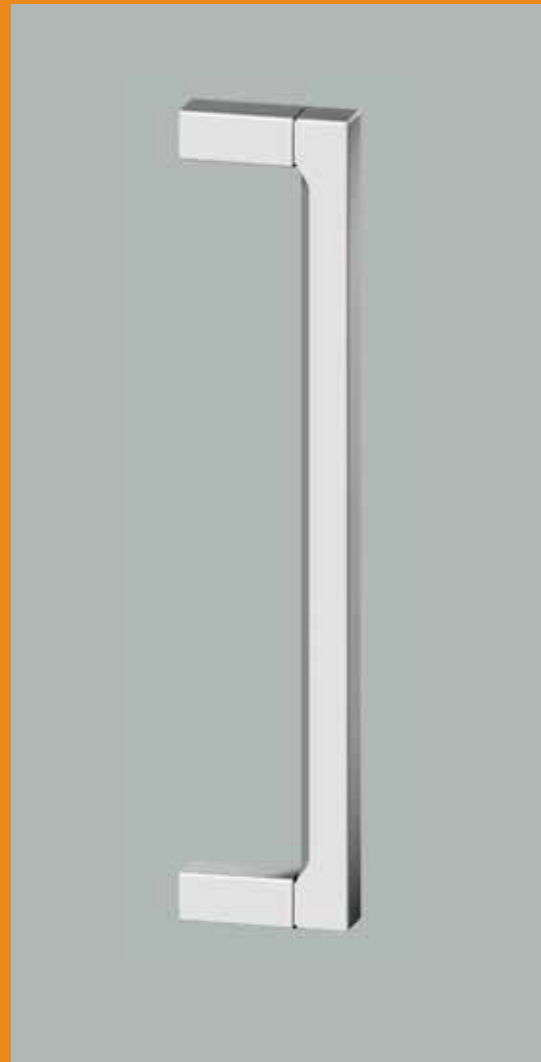

Cubic 671 on P rose

Cubic 671 on C1-110 plate
