Stretch Lever Handles

Left-hand handles shown.

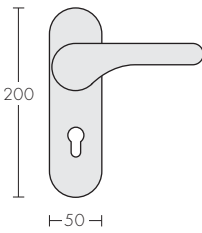

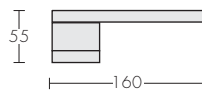

Please specify at time of order: Left hand (LH) or Right hand (RH) as viewed from the 'outside'. (Refer to Technical Section.)

Stretch 5151

5151 Stretch Lever Handle on rose has both horizontal and vertical fixing at 38mm or 41mm centres.

Stretch 5151-311 (see chart below)

The only handle plate style used with the Stretch Lever Handle is the B3 plate, 50mm wide (refer to Technical Section). They match the soft edges of the Stretch Lever Handle with a complementary width.

A - standard

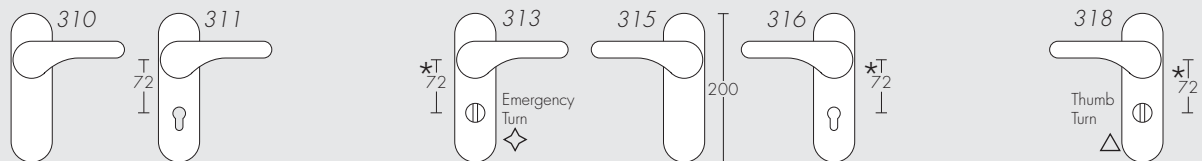

B - reversed

A: Standard installation, the 'left hand handle' is on the left side of the door.
B: On a solid or wide stiled door the handle can be reversed for a different look. i.e. it is a 'right hand handle' used on the left side of the door. Please specify at time of order.

50mm Plate Options (Refer to Technical Section.)

Plates to suit: chant™ profile cylinder mortise locks - 72mm centres*

◇ For chant™ locks fitted with a hub for a privacy function.

△ For locks using chant™ Cylinder Turn Adaptor or chant™ locks fitted with a hub for a privacy function.

Outside Plates – Concealed fixing. Left hand shown

Inside Plates – Semi concealed fixing
